

Junior League of Racine Community Programs

The Junior League of Racine supports projects that are in keeping of the Vision Statement using established guidelines. *Vision: The Junior League of Racine will grow through and be recognized for focused efforts on projects that enhance the well being of children and for providing a legacy of trained volunteers.*

We are currently partnered with the Johnson Foundation in addressing tween pregnancy in our community. The goal of our partnership with the Johnson Foundation is to provide an inventory of services and identify gaps and redundancy of services in our community. Annually, we grant a \$2,000 Scholarship award that is given to a female high school senior who is a Racine County resident. Additionally, Junior League brings AJLI's "Kids in the Kitchen" nutrition program to Racine children.

Following are projects assisted by The Junior League of Racine since 2005.
